

## PRODUCT INFORMATION

|                         |                |
|-------------------------|----------------|
| Item Number             | 72             |
| Product Colour          | Natural        |
| Size Range              | 6-10           |
| Primary Coating Polymer | Latex          |
| Grip                    | Slip-Resistant |
| Lining                  | Unlined        |
| Shelf Life              | 3 Years        |

## FEATURES

**Chemical Resistant:** Achieves type A chemical resistance according to EN ISO 374-1, for protection against at least 6 different chemicals

**Fit:** Treated to harden the surface of the glove leaving it smooth to the touch

**Lining:** Low linting, reduces the risk of product contamination

**Length:** Length - 30cm

**Abrasion Resistant:** Achieves Level 1 for abrasion resistance as defined by European Standard EN388

**Primary Coating Polymer:** Primary Coating Polymer - Latex

**EN ISO 374-5 Protection:** Conforms with the requirements of EN ISO 374-5, for protection against bacteria & fungi

**Grip:** Slip-resistant pattern on the palm enhances grip

**Fit:** Designed to be close fitting to give maximum dexterity for the most tactile of operations

**Lining:** Unlined for easy donning, and also allows for an under glove to be worn for added comfort

**Chemical Resistant:** Provides protection against a wide range of chemicals and cleaning agents

## SECTORS

Food Manufacturing and Preparation • Janitorial • Waste Management and Local Authority

## STANDARDS

EN 374 Protective gloves against Chemicals and Micro-Organisms: KLMOPST

EN 388 Protective gloves against Mechanical Risks: 1010X

EN421 – radioactive contamination only

Tested in compliance with Commission Regulation (EU) No 10/2011 for Food contact

Tested to European standards EN ISO 21420, EN ISO 374-1, EN ISO 374-4 & EN ISO 374-5

|                                                                                                    |                                                                                                                                  |                                                                                                                |                                                                                                                   |                                                                                                     |                                                                                       |
