

P-WAVE®

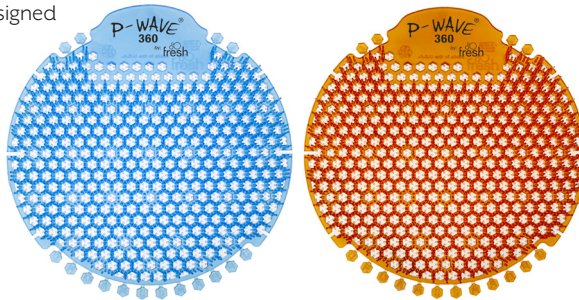

The highly fragranced, simple solution to bad odours

P-Wave 360

Highest splash diffusion level in a 60 day urinal screen

The powerful Wave 360 freshens urinals for up to 60 days and features an advanced fragrance formula created specifically to ensure longevity. The screen is designed with both vertical AND horizontal protrusions providing the highest level of urine diffusion available in a 60-day screen. The unique two-sided design is ideal for eliminating urine splash, but also prevents incorrect installation, ensuring walls, floors and trousers are always kept dry.

At a glance:

- Horizontal AND vertical protrusions deflect and diffuse more urine
- Advanced fragrance formula freshens urinals for up to 60 days
- Patented high fragrance load
- Less urine on the floor = less cleaning
- Half the change outs

Fragrance	Part No.	Colour
Cotton Blossom	WZ36030CB	Blue
Mango	WZ36030MG	Orange

Packaging:
Individually Wrapped, 5 screens per inner, 6 inners/master
