AS995 Pillar				
Standard	EN ISO20345:2011			
Category	S3 WR CI HRO			
Size Range	UK 6 - 14 EU 39 - 49			
Colour	Brown			
Slip Resistance	SRC			
YKK®	SCUFF DRI-BLOC			

AS995 Pillar: Brown lace up safety boot ideal for heavy duty agriculture environments. Full grain water-resistant leather upper with deep padded collar and gusset tongue. Highly breathable waterproof membrane keeps feet dry whilst wicking sweat from inside the footwell. Thinsulate[™] lining ergonomically designed for outdoor working conditions. Composite toe protection considerably lighter weight compared to steel. Composite midsole provides underfoot protection whilst allowing the foot to flex. A hardened TPU moulded wedge wraps around the upper at the heel, providing additional support and heel stabilising. Moulded scuff cap reinforcement for added durability. YKK[®] side zip and pull on loop allows for quick changing. Shock absorbing heat resistant rubber/phylon traction sole.

Upper	Nubuck Leather Upper	Construction	Cemented
Inner Lining	Breathable Waterproof Membrane	Sole	Phylon Midsole / Rubber Outsole
Footbed	Removable Memory Foam Footbed	Weight	850 grams

- Internal Waterproof Membrane
- Padded Suede Collar
- Padded Mesh Tongue
- Phylon Midsole

- Rubber Outsole
- Antistatic
- 200 grams Thinsulate[™]
- YKK[®] Side Zip
- Oil Resistant Outsole
- Heat Resistant Outsole to 300 degrees

Care Advice: To enhance the life & performance of the footwear, upper should be kept clean & dry. Dry/damp cloth or shoe polish/spray to be used as per the need. Sole to be checked and clean regularly to maintain its traction. Any obvious damage in footwear may reduce full protection and must be replaced.
