

## BB-CW130 10M X 0.6M GREEN PVC COATED GARDEN FENCE

### SPECIFICATION

Manufactured from heavy duty steel wire which has been galvanised then plastic coated, this fencing is easy to erect & is strong, rot-proof & reusable. It can be easily formed & trimmed to required size & shape & is suitable for boundaries, pet enclosures & pond protection. There is no need for support wires or concrete posts although it can be used in conjunction with netting or fencing stakes if required.
