

Heavy-duty chemical-resistant gloves, offering both mechanical and chemical protection

- **Reliable chemical protection** : A 1.1 mm natural rubber latex formulation provides protection against water-based chemicals and mechanical hazards
- **Enhanced comfort and flexibility** : The natural rubber compound delivers excellent elasticity and dexterity for improved comfort during prolonged wear
- **Extended coverage** : A 440 mm/17" length helps protect wrists and forearms from workplace hazards
- **Easy donning** : The beaded cuff design supports convenient glove donning and removal

Industries

- Agriculture
- Construction
- Infrastructure Maintenance
- Chemical
- Janitorial / Sanitation

Applications

- Agriculture
- Chemical processing and preparation
- Janitorial use
- Construction
- Maintenance
- Heavy duty handling: where sensitivity is also required
- Maintenance of plant and heavy equipment

AlphaTec™

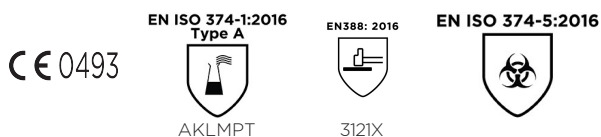

Heavy-duty natural rubber gloves combining durable chemical and mechanical protection for more demanding tasks.

Key Features

- ♦ **1.1mm/43 mil-thick natural latex rubber:** High chemical resistance
- ♦ **Beaded long cuff:** Enhanced protection and simplified donning
- ♦ **Chlorinated surface treatment:** Enhanced durability and cleanliness

Performance Standards
