

POWER CLEAN

MULTIPURPOSE CLEANER SHIFTS GRIME, GREASE & STAINS FOR A PERFECT FINISH ON ANY SURFACE

SCRUBB SHOT Power Clean cuts through grease and grime for a perfect, streak-free shine on all hard surfaces. Its high-performance formulation also kills bacteria and viruses, making it the perfect solution for cleaning work surfaces, appliances, hobs and grills, tables and cupboard fronts.

Discover the **power of industrial-strength cleaners that get the job done** – whilst reducing your impact on the environment. This bottle of super concentrate cleaner **makes at least 12 fills of the Pro Trigger Sprayer**, reducing plastic waste by a minimum of 80% compared to using shop-bought ready-to-use trigger sprays.

FOR BEST RESULTS:

Dose a shot into your Pro Trigger Sprayer as per the directions shown. Replace the trigger and shake a couple of times to mix. Adjust the trigger nozzle to deliver your preferred spray pattern, and spray on the surface to be cleaned. Allow to work at least 1 minute then wipe up with a clean cloth.

Pro Tip: for a cleaning power boost, try adding an extra shot of Power Clean to your Pro Trigger Spray bottle. Or, for a lighter clean, dose just half the shot into your Pro Trigger Spray to make your concentrate go even further!

WARNING:

Contains: Isotridecanol, ethoxylated. Causes skin irritation. Causes serious eye damage. Keep out of reach of children. If medical advice is needed, have product container or label at hand. Wash hands and exposed skin thoroughly after handling. Wear eye protection, protective gloves. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a doctor. Dispose of contents/container in accordance with local regulations.

INGREDIENTS:

non-ionic surfactants <5%; Biocidal Active Ingredient: Alkyl (C12-16) Dimethylbenzyl Ammonium Chloride [68424-85-1] 5g per 100g
