

REDFORCE

We Protect People.

An advanced dual layer nitrile general handling work glove Ideal for use across tough working environments.

- 13-Gauge Featherweight Nylon Shell – Form-fitting design delivers high comfort, flexibility, and reduced hand fatigue.
- Dual-Layer Nitrile Coating – Smooth liquid-repellent base layer with textured outer layer for enhanced durability and grip.
- 360° Liquid and Oil Protection – Full-coverage barrier keeps hands dry in wet and oily environments.
- Excellent Dexterity and Grip – Maintains tactile sensitivity and secure handling across varied applications.
- Contact Heat Resistance – Protection up to 100°C for 15 seconds for incidental heat exposure.
- Touch-Screen Compatible – Allows device use without glove removal.
