

Multi Purpose Abrasion Protection

Light Duty

## Abrasion-resistant gloves, combining durable hand coverage with assured grip and tactility

- **Improved practicality:** These black work gloves conceal dirt and grime and are discarded less quickly, thereby providing a more cost-effective solution
- **Increased protection:** EDGE<sup>®</sup> 48-126 protective gloves are composed of a seamless knitted liner and an elasticized knitwrist that are reinforced by black polyurethane coating, which offer better flexibility and dexterity than cotton canvas and thick cotton gloves
- **Enhanced comfort and dexterity:** EDGE<sup>®</sup> 48-126 safety gloves are made of a 15-gauge polyester liner that meets workers' needs in terms of comfort and flexibility

### Industries

- Automotive
- Electronics
- Machinery and Equipment
- Oil and gas
- Transportation
- Utilities

### Applications

- Assembly of small pieces
- General handling
- Packaging
- Quality inspection

#### Key Features

- **Black exterior:** Economical industrial gloves with longer wear life
- **Seamless design:** Form-fitting, high-dexterity hand protection gloves
- **15-gauge polyester liner:** For assured hand comfort and flexibility

#### Vulcanization Chemical Accelerators

- Natural rubber proteins

Only a very small number of users may be sensitive to this ingredient(s) and hence may develop irritant and/or allergic contact reactions.

#### Performance Standards & Regulatory Compliance

ANSI/ISEA 105-2024

EN388: 2016

4121A
