

TECHNICAL DATA SHEET

HS2018 EAR DEFENDERS

Product Overview

HS2018 Ear Defenders are lightweight headband hearing protectors designed to provide effective protection against hazardous workplace noise while ensuring excellent wearing comfort. The extra-long padded headband and replaceable soft foam ear cushions make the earmuffs suitable for prolonged use in demanding industrial environments.

Key Features

- Extra-long padded headband for extended comfort.
- Replaceable soft foam ear cushions.
- Ear cushions are easy to clean and maintain.
- Lightweight design (107 g).
- Durable polypropylene construction.
- Suitable for high-noise workplaces and shooting ranges.
- CE certified to EN 352-1:2020
