

MELLERUD Marble & Natural Stone Impregnator

Effective protection and easy care. Apply MELLERUD Marble & Natural Stone Impregnator on the thoroughly cleaned and dried out surface of marble, granite, natural and synthetic stone, slate, clinker, ceramic, terracotta and sandstone. Long-term protection against greasy, oily and aqueous dirt. Limescale and water rims can be removed more easily.

Available in 0.5 l containers.

HOW TO USE OUR GUIDE

Heavy-duty cleaning, post-construction cleaning, protection, care and/or maintenance cleaning: under each product you will find the relevant areas of application. In detail, the symbols mean:

Heavy-duty cleaning

Intensive cleaning at regular intervals to remove stubborn dirt. Opens pores prior to protective treatment. Gets rid of traces of use and old treatment layers.

Post-construction cleaning

Cleaning which is carried out in connection with a new build or once a building project is finished.

Protection

Water and dirt particles are no longer able to penetrate the surface. Stains are prevented. Used to preserve materials.

Care

Used to improve appearance and preserve the surface's natural beauty. Protects against mechanical stress and environmental influences such as drying out.

Maintenance

Regular removal of everyday dirt.
