

EV Charge Cable Cover EVCP1

EV Outdoor Charging Floor Cable Cover and protector of cables to prevent trip hazards

Prevent damage to your EV outdoor charging cable, with a cover protector to avoid it becoming a trip hazard. Ideal protection for cables in high foot traffic areas, ensuring both cable and pedestrian safety.

Specifically designed to protect Electric Vehicle charging cables from pedestrian traffic. Enhanced safety and prolonging cable life on pavements or busy car park areas.

Designed using heavy-duty moulded black rubber, offering space to house different cable types and sizes of electric vehicle charging cables, up to 18mm diameter.

Available in 1m, 1.5m, 3m, 6m and 9m lengths

- Fire tested to BS 476 Part 7 Class 3
- Halogen free in the event of fire
- Low smoke, nontoxic and low fume emission levels
- Tested for non-conductivity to BS903-C5, 500V
- UV stabilised for extended outdoor life

All dimensions are nominal and subject to manufacturing tolerances
