

Cut

Medium Duty

Durable increased visibility work gloves, designed to protect workers in low-light conditions

- **Specialized protection:** ActivArm® 97-013 industrial gloves possess high-visibility features on the palm and back of the hand, with a retro-reflective logo, to ensure wearer safety in dark/low-light conditions
- **Optimized comfort:** With a 13-gauge fiberglass and polyester liner, ActivArm® 97-013 safety work gloves keep hands comfortable and sweat-free throughout the day
- **Advanced ergonomics:** These hand protection gloves offer a naturally curved, relaxed fit, for reduced hand fatigue and increased dexterity
- **Improved cut resistance:** They are also designed with INTERCEPT™ Cut Resistance Technology, for better laceration defenses
- **Added grip:** ActivArm® 97-013 medium-duty gloves boast excellent grip in both wet and dry working environments

Industries

- Mining
- Oil and gas

Applications

- Signalling/Positioning
- Operating of heavy machinery
- Loading and hauling
- Hydraulic repair
- Shipping and loading of product
- Vehicle Maintenance
- General pumping work
- Preparation of site - set-up and disassembly of tool string
- Set-up of pressure manifold and tubing injector head
- Handling of tools
- Valve - line maintenance and repair
- Handling jagged metal
- Equipment maintenance Scaffolding Pipe handling and insulation Plumbing and sand blasting
- Heavy machine operation

Key Features

- **Extra visibility back and palm:** Protecting hands in dark environments
- **13-gauge fiberglass and polyester liner:** Sweat-proof all-day comfort
- **Ergonomic design:** Naturally curved fit, for reduced hand fatigue
