H01074 BUNGEE TETHER TRIPLE-ACTION CARABINER

The GRIPPS® Bungee Tether Triple-Action features an oversized triple-action carabiner, elasticised webbing manufactured from robust polyester, and a high-visibility wide tail loop with an additional grip-weave for secure fastening to tools or anchor points.

In addition to its lightweight design, the elastic properties of the bungee material efficiently absorb the downward force generated by a dropped tool.

When arresting the fall of a dropped tool, the GRIPPS® Bungee Tether Triple Action Carabiner extends up to 40cm/16", effectively mitigating the downward force and stabilising the user while safeguarding against bounce-back.

7 KG **15** LB
MAX LOAD

ENGINEERED FOR DROP PREVENTION
