- Construction
- Banksmen
- Engineering
- Cold Stores
- Infrastructure
- Agriculture
- Scaffolding
- Landscaping

## Certification and Marking

## Limitations of Use

- Maintenance** Examine gloves for damages, splits and holes before each use. Always replace damaged gloves. Only properly fitting gloves guarantee protection and grip.
- Storage** Store at normal room temperature in a dry, well ventilated area. Avoid direct heat radiation.
- Disposal** Used gloves can be contaminated. Dispose with household waste or as instructed by your local authority.
- Cleaning** Do not wash. The performance of the product after laundering is unknown. Beat or brush out after each use, depending on level of dirt.
- Durability** The period of use depends on the degree or intensity of use in the retrospective application. It is therefore not possible to provide a 'life span' of the gloves.
- Note** Due to the nature of this product the user is advised to carry out their own risk assessment before use, depending on application.

**Warning** This product contains natural rubber latex which could cause anaphylactic responses.
