

DIELECTRIC HV3 MAXI OVERBOOTS

workMaster™
by RESPIREX

Power Generation

Power Distribution

Construction

Telecommunications

Transport

An electrically insulating dielectric overboot approved to current European standards. The Respirex dielectric boot provides protection of up to 30kV over the complete boot for over three minutes.

- Ingenious rear entry design ensures the boot is quick and easy to fit and remove
- Ideal for personnel who have to continually enter and exit hazardous areas
- Light weight
- Fluorescent green colour
- Seamless construction
- Kick off lug
- REACH Compliant
- Slip resistance performance twice that required by EN 13287 SRA and SATRA TM144 standards

Care

- Machine washable at up to 40°C
- Five year shelf life

Electrical Protection

Complete Boot: 30 kV AC<18mA Leakage current
Withstand Voltage: 40kV according to EN 50321-1:2018

Certification

Safety Footwear EN ISO 20347:2012
- 1 SRA
Electrically Insulating Footwear EN 50321-1:2018 Class 3
Personal Protective Equipment PPE DIR 89/686/EEC

Conforms to ASTM F1117 (Dielectric Footwear)

Sizes

	Medium	Large	Extra-Large
UK	6 - 8	9 - 11	12 - 14
EU	39 - 42	43 - 45	46 - 49
