

Drain Protector

Product Code:

Product Description:

- Prevent rats entering properties through the drain network.
- The Rat Drain Blocker allows waste to flow but the one way flaps prevent access to rats and other vermin.
- Easy to install, the installation pole attaches to the top fixing and as it tightens the sides contract to allow easy insertion into the drain.
- When in place and the installation pole is unscrewed, the sides expand to fill the drain for a tight and efficient fit.
- The second flap provides peace of mind.
- Manufactured from stainless steel for both durability and reliability.
- Available for Inlet and Outlet drains (right flow/ left flow).
- Also available as a shorter unit with one flap for inlet installations.
- Suitable for 110mm (4") drains.
- Installation pole available separately
