

PRODUCT INFORMATION SHEET GLOVE MODEL : FL-103-6

Description : This glove strikes the right balance between protection against mechanical and environmental hazards and comfort, so that it can be worn over longer periods without discomfort. It is made from a soft and flexible latex palm coating on a comfortable, seamless orange polyester liner. The sponge foam latex palm is resilient and flexible, offering superb grip in dry and wet conditions, making it perfect for a wide variety of handling duties.

Model Ref FL-103-6 Foam Latex Coated Gloves feature a liner that is breathable on the rear of the hand. This allows the hands to stay cool over extended periods of use, which is perfect for workers engaged in handling tasks throughout the day.
