

GRIPPS®

D13001 OX CLAW HAMMER – 20oz

The Ox Claw Hammer 20oz is built for professionals who demand strength, balance, and reliability. Forged from premium one-piece steel, it delivers outstanding durability and precision with every strike.

It's perfectly weighted 20oz design provides the ideal balance between driving power and manoeuvrability, providing overall increased control and efficiency.

The claw design ensures versatility for pulling, prying, and general use. At the same time, the signature non-slip Ox Grip handle with shock reduction technology guarantees a secure grip, comfort and reduces hand strain during prolonged use. Tough, balanced, and dependable, this is the hammer you'll reach for time and time again.

ENGINEERED FOR DROP PREVENTION
