

Insect-a-clear

Order Code:

FGT6SS – Vulcan 6 LED with shatter resistant lamps

This addition continues the range of the Insect-a-clears with the introduction of LED technology. It ensures even less power consumption than normal electronic ballast machines.

The lamp driver is located IN THE LAMP, thus when changed, ensures a 'new machine'. No more replacing expensive drivers after a few years.

The curvaceous, contemporary design and the stainless steel front-guard, together have produced a terrific machine. It is ideal for virtually any application (front of house or behind the scenes).

Actual size W 59 x H 35 x D 10.5 cm
