

GRIPPS®

H01115 BISON BAG

Packed with features, the GRIPPS® Bison Bag offers a holistic solution for the organisation, transport, and tethering of tools when working at heights, including a new zip closure with locking mechanism to hold the zip sliders in place, effectively safeguards contents from spills and accidental drops.

Designed for demanding industrial settings, the GRIPPS® Bison Bag is constructed from heavy-duty 26oz. canvas, providing resilience against punctures.

KEY FEATURES

Zip closure with locking mechanism to hold the zip sliders in place.

Flexible opening adds extra room (28.5 cm | 11.22 in).

Constructed from extra heavy-duty 26oz canvas and PVC-coated polyester mesh.

Tether anchor points on the inside and outside of the bag.

Multiple inner pockets for comprehensive tool organisation.

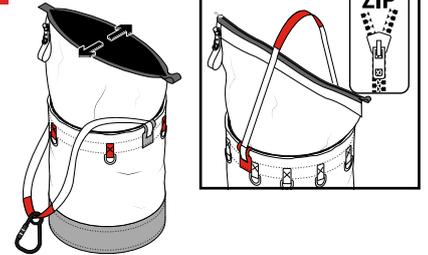

Puncture-proof composite insert in the bucket base.

Dual-action aluminium carabiner.

HOW TO USE

1

To secure contents inside the Bison Bag, zip the bag closed and lock the zip slider in place.

2

Only lift from the clearly identified load-rated lifting point on the strap of the bag. Ensure tools are tethered to the D-rings at all times. Do not lift from the carabiner.

*** NEVER EXCEED THE MAX LOAD ***
