Beeswift Envirowear Hi-Vis Recyclable Sweatshirt

A clothing revolution is changing the way garments are made and how wearers interact with brands. Envirowear has been designed to be recycled – using only mono-fibre design principles, each fabric, trim and accessory is carefully selected to ensure recyclability.

Once garments reach the end of their useful lives, they are returned for recycling. The recycled polyester generated from this unique recycling process can be made into yarn and used in all kinds of polyester clothing and accessories.

- Hi Vis sweatshirt
- 280 gsm fleece pique fabric
- 100% Recycled polyester
- Anti pill (the fabric has been treated to prevent little balls (or pills) of thread appearing on the surface of the fabric)
- Hex patterned heatseal Retro-Reflective tape for comfort and flexibility.
- 2 band & brace
- Global Recycled Standard Certificated
- Tested to 50 washes
- Conforms to EN ISO 20471 Class 3 high visibility
