

## Product Specifications

## White FingerBobs Tubular Bandages

- Pre-rolled, elasticated tubular finger bandages
- For holding dressings in place and protecting wounds on fingers
- Comfortable stretchy fabric
- Breathable and pliable construction
- Pack of 6 bandages

The **HyperCover FingerBobs** are tubular finger bandages that support and protect injured fingers, ideal for holding dressings in place. They are supplied in a pack of 6 bandages. The bandages are pre-rolled, elasticated and easy to apply — no applicator, tape or scissors required. FingerBobs are comfortable to wear, staying secure and flexing with finger movements. Available in white and blue. Blue FingerBobs are ideal for food handling environments where blue items are required for compliance with Food Hygiene Legislation.
