**Box Quantity:** 6

### Product information

This Winter FR coverall is perfect for the demands of the offshore industry. Constructed with the same outer fabric as the FR50 and combined with a layer of adding insulation and FR cotton lining for extra warmth. This style has high visibility reflective tape double stitched for enhanced visibility. Meeting all the required EN standards, features include triple stitched seams, high visibility strips on shoulders, arms and legs, concealed 2-way front brass zip and two front slant chest pockets with concealed brass zips. The garment also has patented knee pad pockets designed with an innovative two tier adjustable system. This style has the added benefits of a detachable hood with brass zip attachment.

### Standards

EN ISO 11612 (A1+A2, B1, C1, E2, F1)

EN 1149 -5

EN 342 (0.467m2.K/W(B) X,2,X)

EN ISO 11611 Class 2 (A1+A2)

### Bizflame Plus

BizFlame Plus has been developed and designed using a highly innovative flame resistant fabric with added anti-static properties. Constructed from 99% cotton and interwoven with 1% carbon fibres. Excellent tear and tensile strength offer durability while the premium quality cotton fibres give the fabric unrivalled comfort. Inherent anti-static carbon fibre

### Flame Resistant

This industry leading range provides multi standard protection for hazardous environments. These state of the art products are the result of years of experience combined with advanced technology and market research. Commitment to the health, safety and comfort of the wearer can be seen in the wide range of products suitable for all climates and end uses.
