

KP05 - Kneeling pad

Collection: Anti-Fatigue Mats

Range: Safety Mats

Materials: EVA Foam

Product information

This type 3 kneeling mat is all about convenience. It is one of the most useful and versatile PPE products you will ever own. It is your 'quick fix' knee protection solution for those jobs that simply just won't wait. It is also incredibly useful to have around the workplace or house providing an inexpensive solution for knee protection.

Anti-Fatigue Mats

Anti Fatigue matting is ergonomically designed to reduce stress caused from long periods of standing by actively working the legs. This increases blood flow to an ideal rate and prevents numbness and aching in the feet. Cushioning abilities provide a soft, comfortable effect whilst maintaining a correct posture and allowing users to work for a longer duration with less irritation whilst insulating feet from cold surfaces.
