COMPLIANT

H01077 ADJUSTABLE TETHER - 5KG/11LB

GRIPPS® Adjustable Tether is engineered for versatility and safety, functioning as a certified tool tether while also serving as a practical shoulder strap. Compliant with ANSI/ISEA 121-2023, it ensures secure attachment of tools or compatible bags, making it ideal for work at heights or on the move.

Featuring two aluminium auto-locking, swivelling carabiners and a durable nylon webbing strap, it offers reliable strength and easy length adjustment via a steel Tri-Glide. Whether used with GRIPPS bags or as a stand-alone tether, this product delivers unmatched flexibility and peace of mind for professionals.

ADJUSTABLE LENGTH: UP TO 150 CM (59 IN)

KEY FEATURES

Auto-Locking Swivelling Carabiners

Equipped with two aluminium carabiners for quick, secure attachment and reduced tangling.

Durable Nylon Webbing

Constructed from high-strength nylon for long-lasting performance.

ANSI/ISEA 121-2023 Compliant

Certified for use as a tool tether, ensuring maximum safety for work at heights.

Dual-Purpose Design
Functions as both a secure tool tether and an adjustable shoulder strap for compatible bags.

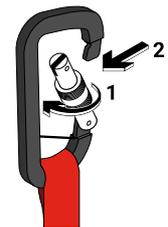

Steel Tri-Glide Adjustment

Allows for easy, secure length adjustment without compromising strength.

HOW TO USE

1

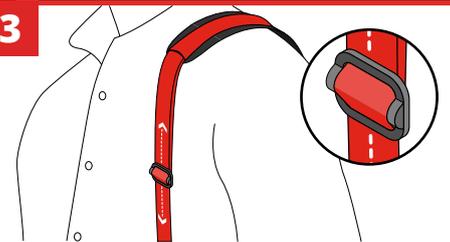

To attach using the carabiner, twist the carabiner lock in a counter-clockwise direction to unlock.

2

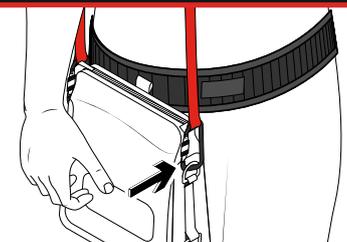

Attach the carabiner to exterior D-rings of your GRIPPS® bag.

3

Adjust the Steel Tri-Glide by threading the strap, sliding to the desired length, and pulling tight for a secure lock.

4

Do not exceed the maximum load rating of 5kg (11lb).
