GRIPPS® Comfort Work Belt and Back Supports

SAFETY INFORMATION

⚠️ WARNING Before using the GRIPPS® Comfort Work Belt and Back Supports, read all provided safety information pertaining to the use of your Dropped Tool Prevention (DTP) device. **FAILURE TO DO SO COULD RESULT IN INJURY OR DEATH.**

The user of a DTP device bears the responsibility of reading all safety information contained herein. Keep this manual for future reference.

Intended Use:

When used properly, the GRIPPS® Work Belt with Back Support can prevent workplace hazards resulting from dropped tools. These may include personal injury and material damage.

GRIPPS® does not approve use of this device for any activities not described in the User Instructions. This device is not intended to be used in any recreational activity, as a personal fall-arrest device or in any other manner not described herein.

⚠️ WARNING Misuse of this device could result in serious injury or death.

Adhere to all manufacturer recommendations regarding the operation and maintenance of this device. For additional information, contact GRIPPS® customer support.

Read and adhere to the following in order to ensure correct operational functionality:

- Your DTP should never be used as a personal fall-arrest device or restraint system.
- Do not use this device with tools that exceed the specified maximum load/weight.
- A DTP device used in applications that exceed the limits of operation specified by the manufacturer should be considered unsafe and should be replaced.
- Do not tether a tool over 2.5kg/5.5lbs directly to your clothing or person.
- Inspect your DTP device before each use.
- Ensure the DTP device is securely connected to a load rated tool connector or anchor point before use.
- Inspect any tool connector point before it is connected to the DTP device.
- Modification of the DTP device voids all warranties and violates manufacturer recommendations.
- Do not use a tool that cannot be connected to your DTP in the manner specified by GRIPPS®.
- It is unsafe to extend the length of the DTP product by any means.
- Do not use this product if it will create an unsafe working environment.
- Use extra precaution around moving machinery, moving parts, electrical hazards, extreme temperatures, chemical hazards, or combustion hazards.
- Regularly inspect any GRIPPS® products in use to ensure they are free from any dust, grime or debris.
- All connected tools and equipment, including connection points, must be compatible for use with this DTP device.
- Always wear appropriate personal protective equipment.

- If a tether has arrested a dropped tool or object, it should be taken out of service and replaced.
- All procedures shown in this instruction are for GRIPPS® Wrist-Anchor products only.

GENERAL USE AND CARE

Introducing the ultimate work gear combination: the GRIPPS® Comfort Work Belt With Back Support and the Ergo-Motion Back Support. This dynamic duo revolutionizes safety and comfort for workers operating at heights. The Comfort Work Belt, renowned for its lightness and durability, seamlessly integrates with GRIPPS® holsters and pouches, whilst providing optimal comfort. The Ergo-Motion Back Support, featuring 4 load-rated tether anchor points, any standard 50mm/2.0" work belt becomes a supportive and comfortable tool belt.

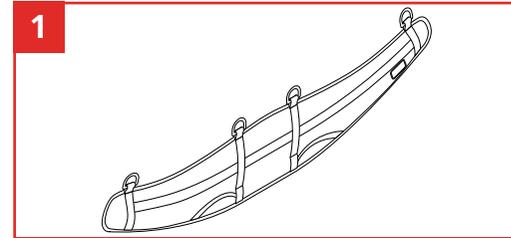

Recommended Use of GRIPPS® Comfort Work Belt and Back Supports :

1. Use the Ergo-Motion Back Support with standard 50mm/2.0" work belts.
2. Do not exceed maximum load rating of 2.5kg/5.5lbs.
3. Read GRIPPS® holster instructions carefully to ensure fitted correctly to belt.

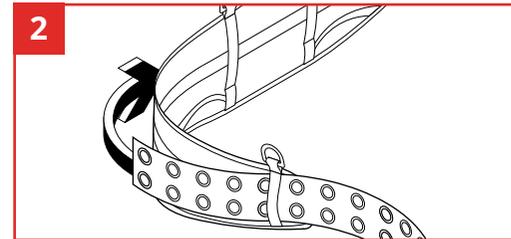

Before Use:

Thoroughly inspect your GRIPPS® DTP device before each use. Do not use any component that presents deformities or deterioration.

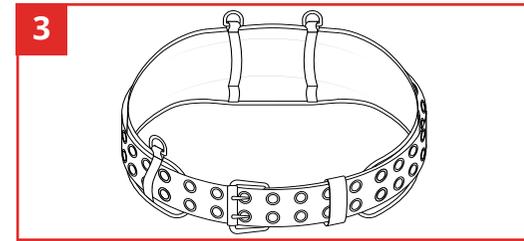

HOW TO USE / INSTRUCTIONS:

Layout Back support to identify the inner side. The GRIPPS logo should be outside facing.

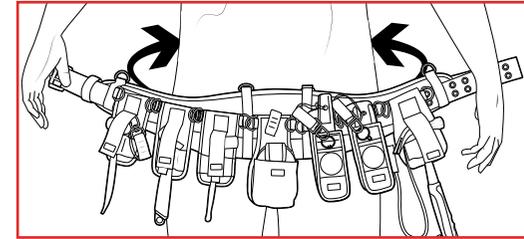

Fit workbelt.

Ensure belt is pulled through in entirety.

D-Rings should be located on the top side.

After Use Care:

Clean and inspect the Work Belt with Back Support, tethers and connected tool. For tougher stains, use warm water and a mild soap or detergent. Do not use again until dry.

Store in a clean and dry environment. Proper care will help to ensure that it will operate effectively and extend its service.
