FLOOR WIPER

TECHNICAL SPECIFICATIONS

Aluminium floor wiper for use with concrete and screed.
600mm head with 1935mm aluminium telescopic handle.
Colour may vary.

BENEFITS

- **Ideal for managing bleed water during the finishing process**
- **Helps maintain a clean, controlled working surface**
- **Suitable for use on concrete, coatings, and sealed floors**
- **Heavy-duty rubber bar**
- **Telescopic handle for extended reach**

HOW IT WORKS

Use the floor wiper to remove excess water, slurry, or liquid from concrete surfaces by pulling the blade evenly across the work area. Maintain consistent pressure to move material efficiently without disturbing the concrete finish.

TECHNICAL DATA

SKU	**DAP504**
Weight	1.5kg
Handle Length	1935mm max.
Bar Width	600mm
Material	Aluminium
Suitable For	Concrete & Screed
Box Qty	tbc
Pallet Qty	tbc

IMPORTANT INFORMATION:

- Ensure the handle is securely fitted before use.
- Wet concrete is caustic and can cause skin irritation or burns. Avoid direct skin contact and wash thoroughly after exposure.

Use caution on wet surfaces as they may be slippery

Store flat or upright in a secure area
