

TECHNICAL DATASHEET

VISION (FM4) FULL FACE MASK

DESCRIPTION

Vision (FM4) is a full facemask providing the highest levels of respiratory protection. A novel hose connection brings the hose up over the wearer's shoulder, keeping the work area clear.

The mask has an ultra comfortable silicone face seal and offers a virtually unrestricted field of vision.

- Non dermatitic silicone construction minimises risk of skin irritation
- Reverted edge face seal ensuring good fit and increased safety
- Provides impact protection, allowing use in environments where both respiratory and face protection is required
- High efficiency speech diaphragm allows wearer to communicate clearly
- Three sizes available

The FM4 is approved for respiratory protection when used with Proflow SC 120, Proflow SC 160 (green) and T-Power powered air purifying (PAPR) systems.

APPLICATIONS

Scott Safety's FM4 offers protection for use in a variety of industries: Laboratories, Textiles, GRP Manufacture, Food processing, Flour mills and silos, Agriculture, Wineries/Market Gardens, Pest Control, Animal Allergies, Foundries, Lead processing, Steel industry, Welding, Tunneling & Quarrying, Mining, Demolition & Maintenance, Building & construction, Purification & sewage, Waste disposal, Chemical plants, Petrochemical, Nuclear, Electronic/PCB manufacture and Paint Spraying

APPROVALS

Certified to AS/NZS1716-P3 and EN12942 TM3

TECHNICAL DATASHEET

TECHNICAL SPECIFICATIONS

Respiratory Protection:	Proflow/T-Power	AS/NZS 1716-P3 and EN 12942 TM3
Assigned Protection Factor (Nominal):	Proflow/T-Power	40 (2000)
Minimum design flow rate:	Proflow/T-Power	120 l/min
Eye and Face Protection	Clause 8.11 Clause 6.3.2.4.3 (EN166)	EN 136 EN 12942
Visor material:	Polycarbonate with silicone coating	
Effective weight of mask on head:	630g	
Noise level:	<65 dB(A)	
Operating Temperature Limits:	-10°C to +50°C	
Face Seal Material	Non dermatitic Silicone	

ORDERING INFORMATION:

Part Number	Description
RFF4000	Vision (FM4) PAPR side mounted full face mask (M/L), no hose
RFF4000S	Vision (FM4) PAPR side mounted full face mask (S), no hose
Hose Options:	
2026231	Fixed length PU for use with FM1, FM2, FM3, FM4 for Proflow SC 120 and T-Power, order hose separately
5564454	EPDM Rubber hose for use with FM1, FM2, FM3, FM4 for Proflow SC 120 and T-Power, order hose separately
063799	Angle breathing hose 80cm for use with FM1, FM2, FM3 and FM4 on Proflow SC 160 PAPR unit (comes standard with Proflow SC 160 P/N 064580)
