### Classification:

### Features

- AQL 4.0
- Free from latex and accelerators
- Free from powder
- Tested to EN1186
- Manufactured using high-quality vinyl
- Beaded cuff
- Medium-weight construction

### Benefits

- Meets industrial standards for pinholes
- Suitable for those with latex allergies (Type I sensitisation) and Type IV hypersensitivity)
- Reduces risks of latex allergies (Type I sensitisation) and minimises particulate contamination
- Suitable for contact with non-fatty food types
- High-quality vinyl combines low cost with reduced risk of protein allergens
- Beaded cuff provides extra strength during donning and helps prevent liquid roll back
- Medium-weight construction provides a balance of strength and sensitivity

### Sectors

- Care home work
- Cleaning and janitorial
- Food processing
- General assembly
- Janitorial
- Local Authority work
