

Description:

The Elite range of Floor Driers are used extensively with dehumidifiers following flooding or water damage. Also commonly known as Carpet Driers they help the drying process of carpets and hard surfaces by dispersing the trapped water droplets in to the surrounding air, Just like with a dehumidifier using a heater and also a fan at the same time will speed up the drying process.

Product Code: C22110

Specification:

- Power Supply: 110v 50Hz
 - Input Plug: 110v 16amp
 - Air Delivery: 57 m³/min
 - Power Consumption: 840w (Max)
 - Speed: 1425 r/min
 - Noise Level: 85 db(A)
 - Speed Settings: 3
 - Dimensions: 52 x 43 x 50cm (LxWxH)
 - Weight: 15kg
-
