

FP52 - Double Elasticated 1.8m Lanyard With Shock Absorber

Collection: Lanyards

Range: Fall Protection

Materials: Polyester Webbing, Alloy Steel, Heat Treated, Aluminium, PVC

Outer Carton: 12

Product information

This double ended elasticated lanyard features a shock absorber, two scaffold hooks, a carabiner and is made from elasticated polyester webbing. It is 180cm long including connectors when fully extended.

Lanyards

The Portwest collection of lanyards are for restraint, positioning and fall arrest systems. Available in different lengths and material types including rope, webbing and elasticated webbing for ultimate wearer choice.

Fall Protection

Fall Protection is put in place to prevent the risks associated with falling from heights, reducing impact force, restricting obstacle/ground collision and restricting users from fall hazard areas. Portwest offer a full range of fall protection products for working at height.
