

Advantage 3000 Series

The full face mask series Advantage 3000 provides both protection and unparalleled comfort. The soft sealing line made of hypo allergenic silicone provides a pressure-free fit. The large, optically corrected lens ensures a clear, undistorted view, while the grey-blue colour gives the mask an aesthetic appearance.

In order to meet all requirements concerning respiratory protective equipment, the Advantage 3000 comes in two versions, each in three different sizes. Choose between **Advantage 3200** with bayonet connection and **Advantage 3100** with EN 148 standard thread filter connection.

Donning the Advantage 3000 is unbelievably quick, simple and accomplished without painful hair pulling. The patented Advantage head harness gives a perfect face piece-to-face fit.

Donning

Put your chin into the chin cup

Pull the harness over your head

Tighten the two lower straps

	Features	Benefits
Excellent wearer comfort	Innovative Advantage harness	Simplified donning and doffing; no painful friction with hair
	Soft and large sealing line made of hypo allergenic silicone	Pressure-free and safe fit
Optimal protection	Available in 3 sizes	Perfect adaptation to different face shapes
	Panoramic view lens	Undisturbed field of view
Cost effectiveness	Quick (dis)assembly	Easy cleaning
	One design – two versions (twin and single connection)	Reduced test and training costs
	Bayonet filters also suitable for Advantage 420 and 200 LS	Rationalisation of stocks
