

NitoPren® 717

APPLICATION

- › chemical industry
- › pharmaceuticals industry
- › metal working and finishing
- › printing industry
- › laboratories

QUALITIES AND ADVANTAGES

- › high resistance against a variety of hazardous substance groups
- › good grip when handling wet and oily parts
- › 2-layer system
- › high mechanical resistance

Article no.	717
Name	NitoPren® 717
Material	nitrile, chloroprene
Description	2-layer system, cuff, flock lined
Length (mm)	300-320
Total thickness (mm)	0,65 ± 0,1
Colour	dark-grey
Size	7, 8, 9, 10, 11
Classification	category III
	EN 388:2016 3001X EN 374-1/Type A OTPAKL EN 374 Virus

FEATURES

- › AQL < 0,65
- › free from natural latex
- › excellent anatomical design
