Per Box: 200 Pairs

Technical Details

CE
Minimal Risk

For protection against:

- Mechanical action whose effects are minimal and easily reversible.
- Handling hot components not exposing the wearer to temperatures above 50 C.
- Atmospheric agents of neither exceptional nor extreme nature.
- Minor impacts and vibrations which do not effect vital areas of the body and where the effects cannot cause irreversible lesions.

- **Storage:** Sleeves should be stored in a cool, dry environment in the original packaging and out of direct sunlight.
- **Maintenance:** Both new and old sleeves should be thoroughly inspected before being work to ensure no damage is present. sleeves should not be left in a contaminated condition if reuse is intended - if contaminated, sleeves should be cleaned as far as possible
