A practical start to your plumbing toolkit

Keep a useful selection of plumbing tools together with this Amtech starter kit. Plastic and copper pipe cutters, adjustable wrenches, a pipe wrench and water pump pliers are joined by radiator keys, an immersion heater spanner and a four-way plumbing key. Saws, screwdrivers, measuring tools, gloves and safety glasses round out the collection, with a 600mm heavy-duty tool bag included to keep your kit together.

22 listed products / sets

Gloves supplied: large, size 9.

Contents: one of each listed product or product set. Product images are shown at different scales.
