## Medium Flexi-Tray

Shallow flexible tray suitable for use as a work mat, storage tray, drip tray or dispensing/mixing tray. Made from rubberised plastic the tray is lightweight and tough, the sidewalls reform after being trodden-on or crushed. Low profile design is ideal for sliding under plant and machinery or any situations where leaks and drips occur. Flexi-Tray can be lined with absorbent material to absorb liquids on contact to make emptying the tray easier and cleaner. Manufactured in Britain Low CO<sub>2</sub>
