

FP41 - 10m Retractable Fall Arrest Block

Collection: Fall Arrest Blocks

Range: Fall Protection

Materials: Steel Rope, ABS Plastic Shell, Alloy Steel, Heat Treated

Outer Carton: 3

Product information

This fall arrest block comprises of a retractable lifeline made of 4.8mm wire rope which is stored on a reel within a protective housing. The reel is spring-based to wind the retractable lifeline in. The reel incorporates an inertia brake mechanism, which allows the lifeline to be slowly extracted and automatically retracted to accommodate the user's body movements. It also comprises of a swivel snap hook with a double safety lock and fall indicator.

Fall Arrest Blocks

The Portwest collection of Automatic fall arrest blocks are designed to be used with all Portwest harnesses and connectors. In the event of a fall, automatic fall arrest blocks will lock and stop your fall after a short distance.

Fall Protection

Fall Protection is put in place to prevent the risks associated with falling from heights, reducing impact force, restricting obstacle/ground collision and restricting users from fall hazard areas. Portwest offer a full range of fall protection products for working at height.
