Cleaning and Maintenance

These gloves should not be washed or laundered. New and used gloves should be thoroughly inspected for damage before use. Information regarding protection refers to the working surface, i.e. 'the palm' of the glove, which has been submitted to testing. The protection levels indicated are only valid for new gloves.

The unstretched glove may not meet the minimum length requirements of EN420:2003 as they are designed to stretch to fit the hand
