

### A756 - Impact E18 Nitrile Antistatic ESD Glove

**Collection:** Impact protection

**Range:** Hand Protection

**Materials:** HPPE, Polyester, Steel, Elastane, Carbon Fibre, TPR

**Dipping:**

**Outer Carton:** 72

#### Product information

The Impact E18 Nitrile Anti static ESD Glove is engineered for professionals requiring high cut resistance (Level E), impact protection, and electrostatic discharge (ESD) safety. Designed with a durable Water jet washed nitrile-coated palm, a reinforced thumb crotch and anti-static properties. This glove ensures superior safety, grip, and comfort for handling sensitive components and hazardous materials. A756 is designed for flexibility, reducing hand fatigue while maintaining precision and control with a skintight 18-gauge liner and the Ergonomic PVC impact design. The PVC impact plates compliment flexibility with strong impact performance which can comfortably dissipate medium impact loads across the design.

#### Impact protection

Hand injury is one of the most common and frequent complaints in the workplace. This collection of gloves provides vital protection against impact to the hand from multiple hazards.

#### Hand Protection

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products....
