

Insect-a-clear

Order Code:

FHN5SW - Nano H5 LED in white with a shatter resistant lamps

FHN5SS - Nano H5 LED in stainless with a shatter resistant lamps

The Nano H5 is a professional UK manufactured high voltage grid insect control machine that is fitted with LED lamps. It is suitable for restaurants, kitchens, food shops etc. where flying insects pose a problem.

After the insects have been attracted by the high output UVA LED lamps, and killed by the high voltage grid, they can be quickly and hygienically disposed of in the large catchment tray.

Made for wall mounting, suspending or free standing; the 'lift and lock' front guard enables tools free servicing

With competitive pricing and the option of white or stainless steel, make this a very popular model.

Actual size W 65 x H 35.5 x D 12 cm

Nano H5 LED. High voltage grid
