

HyFlex®

ADVANCED MECHANICAL PROTECTION

70-114

Superior mechanical protection and cut-resistance

Previously known as: Kevlar®

Cut

Medium Duty

Superior mechanical protection and cut-resistance

- Constructed from high-tech 100% Kevlar® para-aramid short fibers for an exceptional cut resistance and comfort.

Industries

- Automotive
- Metal fabrication
- Machinery and Equipment

Applications

- Press shop operations
- Assembly & inspection of components
- Applying sealers, touching up
- Equipment repair & maintenance
- Cutting glasses, sheets, panels
- Seizing structural and body parts
- Adjusting systems and screwing

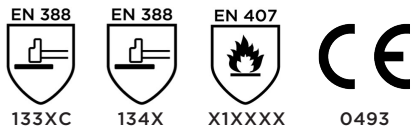

Previously known as: Kevlar[®]

Key Features

- Automatic knit liner
- Exceptional cut resistance with dexterity
- Heat resistance up to 100°C
- Thumbslot for additional protection of the wrist

Performance Standards & Regulatory Compliance

REACH Compliant
