

Amtech Carpenter Starter Kit

Start your next project with the essentials together

Build a practical woodworking toolkit with this Amtech starter carpenter kit. Saws, chisels and planes are paired with measuring and marking tools, screwdrivers, clamps and a wooden mallet, giving you a useful foundation for cutting, shaping and assembly tasks. A sharpening stone, safety glasses and ear defenders complete the selection, with a 600mm heavy-duty tool bag pro to keep it together. A versatile starter collection that is also ideal for apprentices.

26 listed products / sets

Chisels require sharpening before use. Sharpening stone and wooden mallet included.

Contents: one of each listed product or product set. Product images are shown at different scales.
