

Long-cuff natural rubber gloves, offering heavy-duty chemical and mechanical protection

- **Reliable chemical protection:** Its 1.3 mm natural rubber latex construction provides enhanced resistance against water-based chemicals in demanding environments
- **Extra-long coverage:** With a 600 mm/24" length, it offers additional forearm protection beyond standard chemical gloves
- **Heavy-duty durability:** The thicker, tear-resistant design is suited for tasks requiring increased protection and extended wear
- **Easy donning:** A long beaded cuff improves ease of use while enhancing coverage

Industries

- Agriculture
- Construction
- Infrastructure Maintenance
- Janitorial / Sanitation
- Chemical

Applications

- Agriculture
- Chemical processing and preparation
- Janitorial use
- Construction
- Maintenance
- Heavy duty handling: where sensitivity is also required
- Maintenance of plant and heavy equipment

AlphaTec™

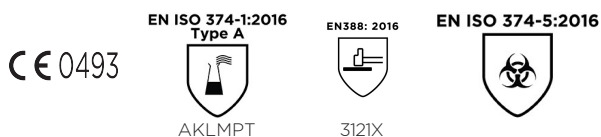

Heavy-duty natural rubber gloves combining durable chemical and mechanical protection for more demanding tasks.

Key Features

- ♦ **1.3mm/51 mil-thick natural latex rubber:** High chemical resistance
- ♦ **Beaded long cuff:** Enhanced protection and simplified donning
- ♦ **Chlorinated surface treatment:** Enhanced durability and cleanliness

Performance Standards
