

One Stop Sourcing & Supply Co. Product Data Sheet

PP Sandbag

Datasheet Number:	
Product Code:	10/007/190
Product Category:	Fencing & Netting
Last Revised Date:	24/07/2020

Description:

PP Sandbags resist splitting when being filled. Provides a watertight barrier when filled with sand.

Product Specification & Details

Material	PP
Size	30" x 13"
Colours	White
Product Packaging	Packed in a Bale

Further Information:

When empty the bags are compact and lightweight for easy transportation, when filled the PP Sandbag's offer a watertight barrier. PP Sandbag's are mostly used as a deterrent against flooding; however, some uses such as transportation are also made easier with the use of PP Sandbag's.

Please be aware that the information is given in trust and is based on the latest knowledge known by One Stop Sourcing & Supply Co. Whilst all aspects have been covered to ensure the contents of this datasheet are up to date at the time of handover, please be advised that products, techniques and codes of Practice are under constant review and are likely to change at any moment, up to date information would be available on request.
