

PRODUCT INFORMATION:

- For when mains power fails
- 12v Battery back up to keep system running
- Switch mode designed to ensure low operating costs and generate less heat
- Simple maintenance
- High voltage electronics fully shrouded
- Modular construction for easy maintenance and installation
- Lid opening tamper detection.

Product Code:	FMCEVASYNP9
Power:	12v 7Ah Y7-12 Battery
Total Weight:	2 Kg (Excluding Battery)
Overall Dimensions:	H 205 x W 240 x D 81mm
IP Rating:	Indoor Only
