

**Code:**  
DT-SIL

**Description:**  
DrainProTector

**Absorbency / Capacity:**  
N/A

**Dimensions:**  
75 x 60cm

**Application:**  
Drain Protection

**Quantity:**  
1

**Weight - Kg:**  
N/A

**Ean:**  
0640516610845

## DrainProTector for collecting/ trapping silt, sand, gravel and other solids

### Features and Benefits:

- The number one solution to prevent pollution and drain blockages
- Ideal for building sites, wheel wash stations, construction site access points, civil engineering and motorway projects
- Avoid the time and cost of fines and unblocking drains
- Fast and effective pollution solution
- Reduces downtime on site
- Oil & Sediment version retains up to 1.5L of hydrocarbon sheen
- Supplied with tape specifically designed for use on tarmac & rough surfaces, for fixing edges to ground
- Retains up to 22kg of sediment
- Unique support straps ensure stability while in use
- Water discharged to EA-accepted levels
- Easy to empty and reuse
- Can be emptied in situ
- Instructions printed on the top
- Install in 3 minutes
- Four options to choose from

DrainProTector is designed & manufactured by Fentex in Great Britain. DrainProTector is part of the SpillTector® family. [www.spilltector.co.uk](http://www.spilltector.co.uk)
