

Solo Bed Lever for Slatted Beds

The Solo Bed Lever assists transfer into and out of one side of the bed, without affecting other occupants. The hand grip sits above the bed while the base frame is large enough to provide stability. This unit is specifically designed for use on slatted beds with a lip.

Features:

- Large base for improved stability
- Ideal aid for assisting users getting in and out of bed
- Designed for use with slatted beds with a lip
- Tough anti-scratch coating for longevity
- Maximum user weight capacity 160kg (25 stone)
