GALCIUM, LIMESCALE & RUST REMOVER

RAPIDLY DISSOLVES LIMESCALE, RUST STAINS & OXIDATION MARKS

SCRUBB Calcium, Limescale & Rust Remover is a powerful multipurpose solution for the removal of limescale deposits, rust stains and other mineral-based contamination. Ideal for removing stains and deposits on concrete, porcelain, stainless steel, chrome and other surfaces. Suitable for descaling toilets, urinals and shower fittings. Contains specialist inhibitors to keep rust at bay.

- Powerful action against mineral deposits
- Removes rust from concrete & masonry
- Brightens dull & stained metals

DIRECTIONS FOR USE:

Always test on an inconspicuous area before use. Do not use on limestone, travertine, marble or other surfaces that contain lime. Read the safety information below carefully before use and ensure the required personal protective equipment (PPE) is used. For descaling sanitary fittings, shower heads, baths, etc: Dilute 1 part cleaner to 1 part clean water. Apply the solution to the area to be cleaned and allow up to 10 minutes contact time. Rinse or wipe with a clean damp cloth. Tough build up may need a second application. Product may be applied neat to areas of heavy limescale deposits. For rust stain removal: apply neat, work in to the stain with a non-abrasive brush or scourer. Allow up to 10 minutes contact time then wipe away with a clean damp cloth.

WARNING

Contains: phosphoric acid; Isotridecanol, ethoxylated. Causes severe skin burns and eye damage. Keep out of reach of children. If medical advice is needed, have product container or label at hand.
