

GLASS CLEANER

HIGH PERFORMANCE CLEANER FOR WINDOWS,
STAINLESS STEEL & MIRRORED SURFACES

SCRUBB SHOT Glass Cleaner is a high performance concentrate specially developed for glass, mirrors and polished surfaces. Eliminates streaks, smears and fingermarks and polishes off effortlessly for a gleaming finish..

Discover the **power of industrial-strength cleaners that get the job done** – whilst reducing your impact on the environment. This bottle of super concentrate cleaner **makes at least 12 fills of the Pro Trigger Sprayer**, reducing plastic waste by a minimum of 80% compared to using shop-bought ready-to-use trigger sprays.

FOR BEST RESULTS:

Dose a shot into your Pro Trigger Sprayer as per the directions shown. Replace the trigger and shake a couple of times to mix. Adjust the trigger nozzle to deliver your preferred spray pattern, spray on the surface to be cleaned, then polish off with a clean dry cloth.

Pro Tip: for a cleaning power boost, try adding an extra shot of Glass Cleaner to your Pro Trigger Spray bottle. Or, for a lighter clean, dose just half the shot into your Pro Trigger Spray to make your concentrate go even further! SCRUBB Glass Cleaner is also great for polished surfaces, TV and computer screens and granite worktops.

WARNING:

Contains 1,2-benzisothiazol-3(2H)-one. May produce an allergic reaction. Causes serious eye irritation. Keep out of reach of children. If medical advice is needed, have product container or label at hand. Wash hands thoroughly after handling. Wear eye protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

INGREDIENTS:

Non-ionic surfactants <5%; amphoteric surfactants <5%
