Miller H-Design® 2 points harnesses with stretch webbing

New Feeling of Safety!

The Miller H-Design® 2 points harnesses with stretch webbing are the new generation of harnesses dedicated to construction and general industry sectors providing more comfort, freedom of movement and safety to workers.

Its brand new innovative and ergonomically defined H-architecture has been specially designed to provide a unique comfort and freedom of movement to users to let them concentrate on their job and do great work at height.

The new range is available with two easy-to-access front anchor point options: two large, thin webbing loops, or a patented sternal D-ring. Mating buckles or automatic buckles can also be selected.

	1032877	Miller H-Design® 2 points harnesses with stretch webbing, Auto Front D-ring Provided with automatic buckles and a front D-ring. Size 3

Overview

Key Features

Benefits:

COMFORT AND FREEDOM OF MOVEMENT

Exclusive H-architecture of the harness, thanks to its ergonomically placed webbing, providing a total freedom of movement for the arms.

Horizontal leg straps preventing uncomfortable friction on the legs and on the groin (vs traditional leg straps) increasing

comfort for the user during work.
Stretch webbing on the shoulders to provide even more comfort.

EASY AND QUICK ADJUSTABILITY & CONNECTION

Easy to access and adjust buckles: intuitive movement up to down.
Very accessible anchor points: bended position back D-ring.
Adjustable chest strap for a perfect fit in height and width.
Adjustable leg straps.
Easy Front strap clip.
Sternal point with D-ring or webbing loops.

GREATER SAFETY AND EASIER TRACEABILITY

Fluo green textile, high visible stitching, front and back fall indicators to facilitate visual inspection before working.
Labels improving yearly checking follow-up for a better traceability.
Water-repellent and stain free webbing for greater product durability.

Recommended Industries/Use

- Other
- Construction
- Utilities

Hazards

- Fall from height

Regulations

- EM 361 - Fall arrest harness

Warranty Information

Our state of the art equipment provides the critical tool for worker protection, combining mobility with unsurpassed comfort.

At our ISO 9001 certified manufacturing facilities in Europe, we ensure that every Miller product is made in accordance with the standards and meets your exact requirements.
